About & Around our MixTalent Expert WebReporter Project

The Web is overloaded with information. ExpertLogs are becoming more and more important. That might be a chance for you, our Mixtalent Students 12plus & 15 Plus.

In this project we will explore that possibility.
We are questioning ourselves:

How might one become - with minimal physical mobility - an expert reporter for mobility of the mind?
What should be skills, experience, content for - will be the ABC of a MixTalent Expert WebReporter?

We are starting in may with the following webwork:

Step 1: Choose a topic/theme you are really interested in and fill in the sentence: My topic/theme is..., because I...

Step 2: Search for a webreport about your theme (in your native or a foreign language)

Step 3: Write down as well in your native language as in English: I think this webreport is good report, because...

Purpose of this webwork:

Developing your own point of view & criteria to become an Expert WebReporter
